Fact and Opinion

General C. P. Cabell, deputy director of Central Intelligence, states: "The Communist international propaganda apparatus, for sheer magnitude, is unique in world history. It takes many forms and assumes many disguises. There is the Moscow radio, broadcasting nearly 900 hours a week in virtually every language and dialect in the world. There are those newspapers and periodicals and radios, in the free world, which are controlled or influenced by the local Communist Parties. There are the Communist front organizations, both international and local. . . . Right here in the United States there are . . . hundreds of Communist fronts on the Attorney General's list of subversive organizations . . ."
